Auritas

Auritas Differentiation

- Holistic expertise in SAP and OpenText solutions
- End-to-end support for solution implementation and administration
- xECM accelerators to accelerate deployment and reduce complexity
- Deep specialization in OpenText with flexible implementation options
- 20+ years of experience delivering successful OpenText xECM projects
- Expertise in managing both structured data and unstructured content
- Industry-specific solutions aligned with compliance frameworks
- SAP and OpenText partner with strong technical & functional credentials

Business Value of SAP ECM

288%
ROI in a 3-year period

$1.5M
reduced invoice-related costs

10
months to payback investments

$6.3M
in customer benefits per year

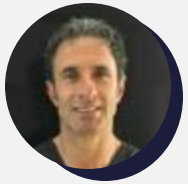
Single pane of glass across the enterprise is the biggest benefit. We have the ability to see content now whereas the older way we had to search. We can now look at transactional records, so compliance is handled on the schedule.

- ***Auritas Customer***
IT Manager

PUGET SOUND ENERGY

Our partnership with Auritas, OpenText and SAP, simplified our process, ensured compliance and benefited our customers and business.

- ***Obaid Khan***
Director of IT, Puget Sound Energy



NVIDIA

SAP gave us an excellent partner in Auritas, they made our transformation smooth and easy.
